# Engine Eligibility

Although great effort has been made to ensure the accuracy and completeness of the Installation Eligibility reference chart, responsibility for aircraft airworthiness including the installation of approved replacement parts lies with the aircraft owner/operator. Please refer to FAA approved data or engine/airframe/propeller manufacturer's parts listing for final determination of article approval.

We would like your help so we can serve the industry better! If you find errors or omissions in this data, please contact us at (855)MSACARB (855-672-2272).

**Cross Reference Chart**
